Lesson 5: Introduction to Email
UCR Teach to Learn

- Where to get an account:
  - Yahoo Mail: http://mail.yahoo.com
  - Hotmail: http://www.hotmail.com
  - You can also get free email accounts from your internet service provider.

- The advantages of email:
  - Email is like sending someone a letter except it gets delivered within seconds.
  - You can read and send email from your account using any computer in the world that is connected to the internet.
  - You can also send pictures and other documents.
  - You can save the messages you send and receive as long as you want.

- What we will do today:
  - Set up an account for everyone.
  - Learn how to log on and off.
  - Send an email to someone in the class for practice.
  - Open an email that you receive.
  - Set up the address book.
  - How to detect spam – don't open it if you don't recognize who sent it.
