Project idea and deliverables. Due: Oct. 7, 2021 at 11:59 PM

Your project group is required to submit a brief proposal for a project idea and deliverables. The proposal should include: (a) A project category, aligned with the course outline discussed in the lecture slides. (b) A clear description for the proposed idea. (c) List of deliverables. (d) A tentative project timeline along the course period.

If the project is joint with CS 226: Big-Data Management, the proposal should include: (i) The group members who take the two courses (at least three required). (ii) Explicitly state how the project scope fits both big data and spatial computing. (iii) Explicitly state how the project size would be different if it belongs to only one course.
